

Save the Date and Join us in 2023 for the 32nd World Congress of the IALP
20 - 24 August | Auckland, New Zealand
Congress Theme: Together Towards Tomorrow

WELCOME from the IALP President

As President of the International Association of Communication Sciences and Disorders (IALP), it is my pleasure to welcome you to join the 32nd World Congress. At each IALP Congress that I have attended I have been overwhelmed by the opportunities to learn from colleagues working in similar areas but in different systems. I come away refreshed and invigorated and feel that attendance has improved my clinical and research practice. They are sociable and welcoming events where I have met individuals who have become lifelong colleagues and friends. 2023 sounds as if it's a long way off! But it will come quickly!

Pamela Enderby

With the overall theme of **Looking Forward** you will not be surprised to see that the following 3 themes will permeate the programme:

- Intervention with Multilingual Children – Evidence Based Practice
- Technological Developments to Enhance Assessment and Treatment
- Improving Quality of Service Provision

I look forward to seeing you there

Pam Enderby OBE, PhD, DSc, MSc, FRCSLT President IALP

WELCOME from the IALP 2023 Congress Chairs

The New Zealand Speech-language Therapists' Association, together with the New Zealand Audiological Society, wish to entice you to New Zealand - the 'Land of the Long White Cloud' for the 2023 IALP Congress. New Zealand, also called Aotearoa, offers a unique experience that will inspire and exhilarate whilst you connect with your colleagues from around the world.

Haere, haere, haere (welcome, welcome, welcome) to our home.
